

S205 (Medium), S207 (Large), S208 (Maxi) One Piece Tags

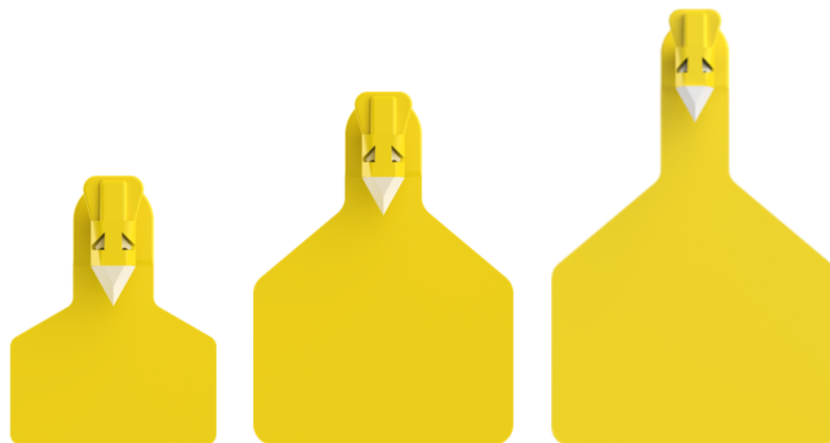

Product Description

Fast, easy and safe to apply, these one piece tags deliver superior retention, using a flexible material ensuring that the tag will not snag and pull out, or break off. The tag has received global recognition for its retention.

A unique surgical cutting tip reduces the risk of infection and promotes fast healing.

The tags are available in three sizes: maxi, large and medium. The maxi size hangs low for maximum visibility from the front and back.

These tags are suitable for cattle, sheep and deer.
